

Stephen Tobriner

## Bracing for Disaster: Earthquake-Resistant Architecture and Engineering in San Francisco, 1838-1933

Category: Seismic Design

Publisher: Heyday (April 1, 2006)

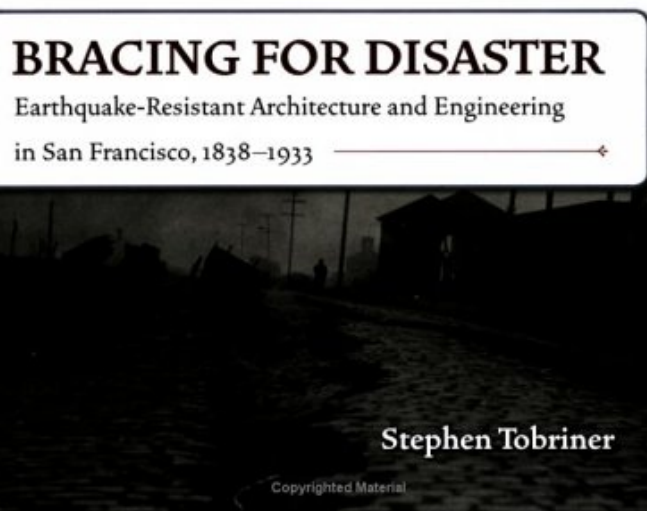

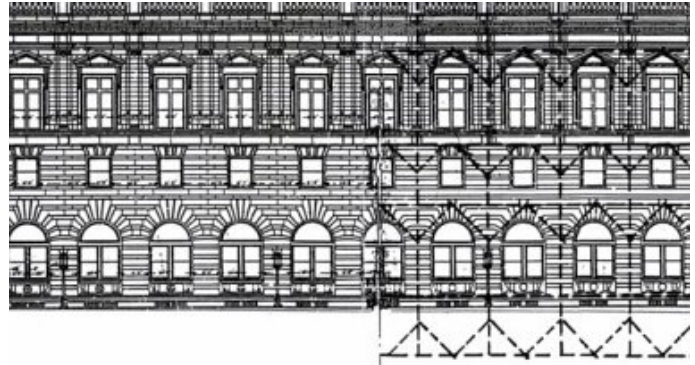

Language: English

Pages: 320

ISBN: 978-1597140256

Size: 25.62 MB

Format: PDF / ePub / Kindle

In 1906, San Francisco was destroyed not by the terrible earthquake of April 18, but by the fires that ensued. Yet journalists and historians then--and now-- have been quick to point out the speed and supposed sloppiness...
